Let's take a look into each tabs and their description-

SPLASH SCREEN

This is a **Welcome Screen of Consumer App**. It shows up when you open this application for the first time.

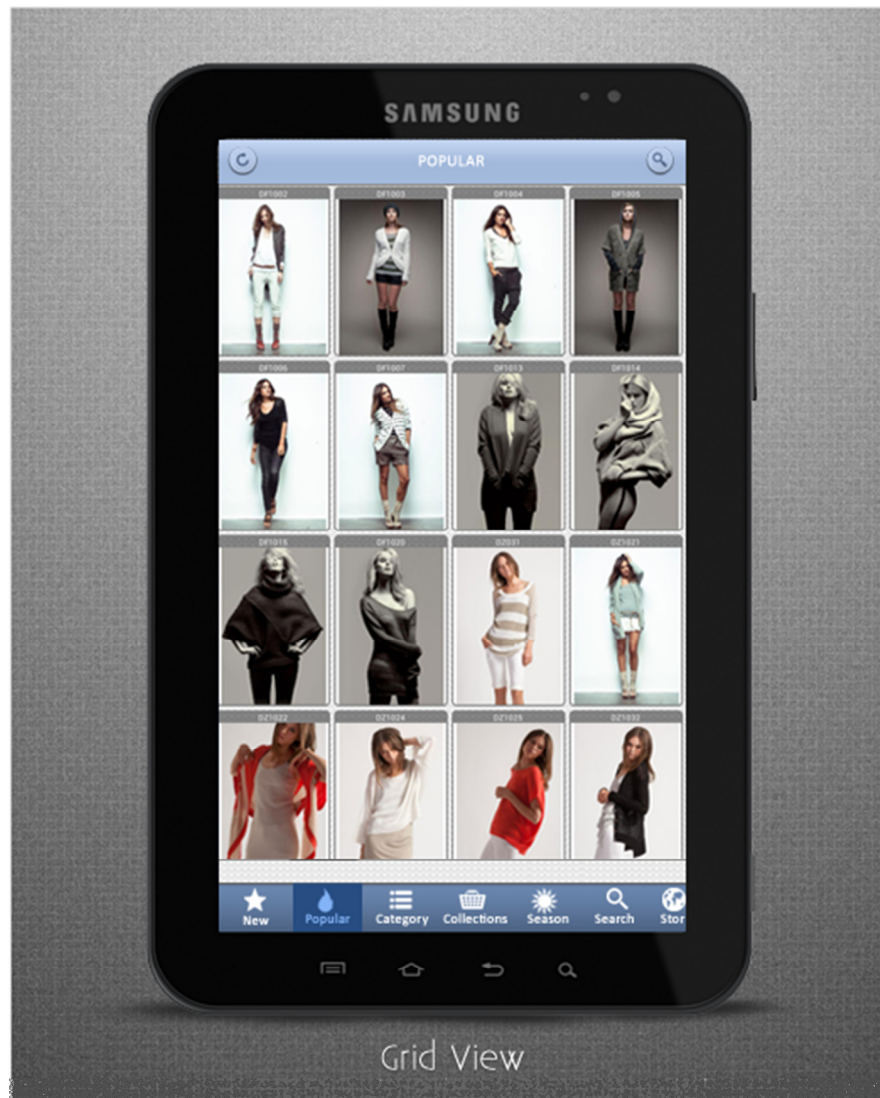

GRID VIEW

These are list of styles in Grid View. You can tap on the respective style# to view a particular Styles Description.

Note-All the new styles are displayed in 'NEW' tab.

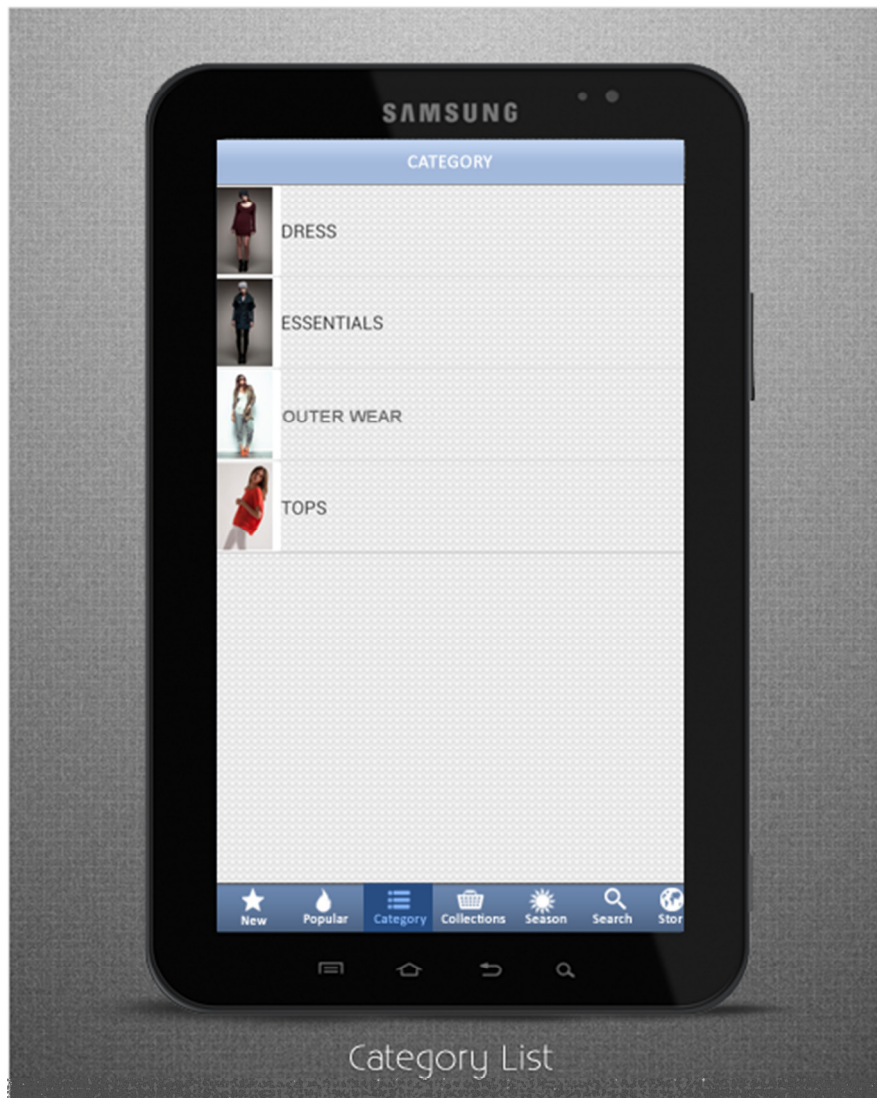

POPULAR SCREEN

Master Grid View provides an option to refresh all the styles and search particular Style#.

Note-All the popular styles are displayed in 'POPULAR' tab.

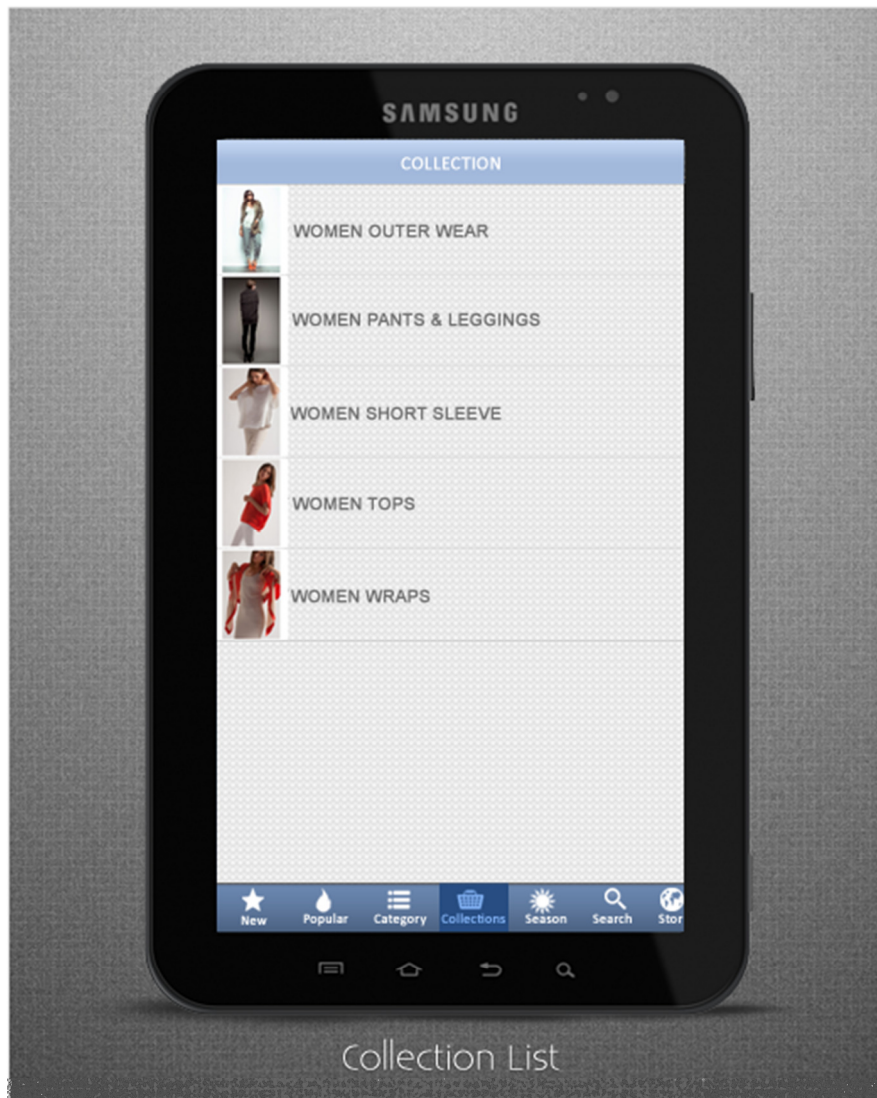

CATEGORY LIST

This is a **'Category List'** which depicts list of styles into Category Wise.

Tap on each Category to view styles associated with respective category.

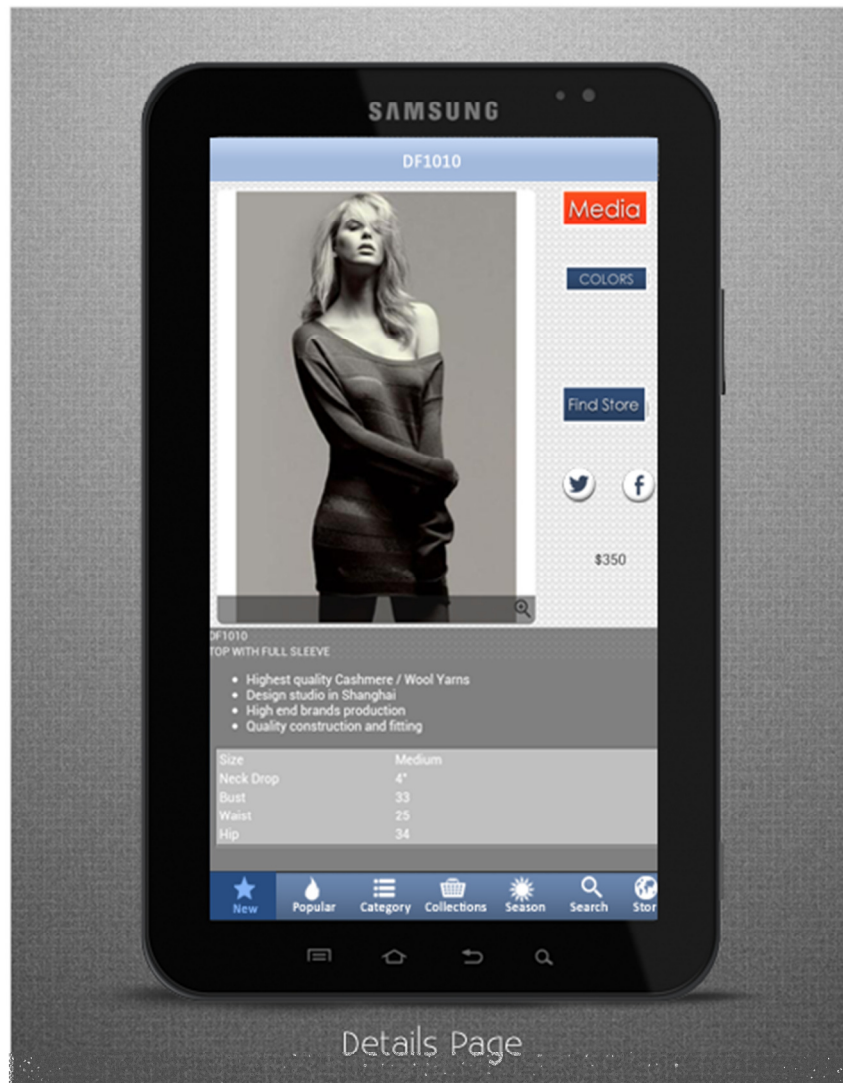

COLLECTION LIST

Collection Screen displays the list of styles grouped into one common clothing. For e.g.-These styles are grouped as i.e., **'WOMEN'S'**. We can add more collections like 'MENS, KIDS, and ACCESSORIES etc.

Tap on each collection to view styles associated with respective collections.

DETAIL SCREEN

This is a Detail Page which shows you the full description of each style.

- It allows you to view styles in website
- Share styles in Twitter and Facebook
- View image in Zoom View
- Find stores to buy these styles.

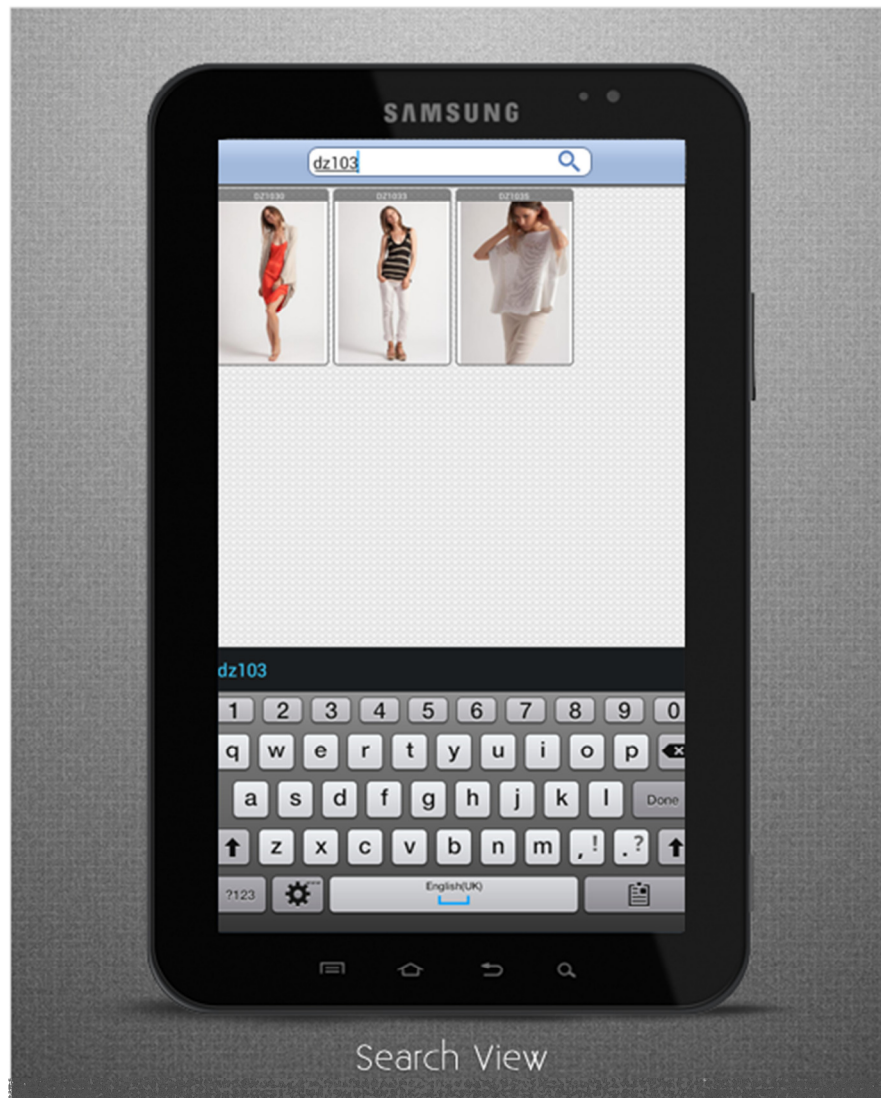

ZOOM VIEW

This is Zoom View of a particular.

Tap on the image in details page to view styles in Zoom

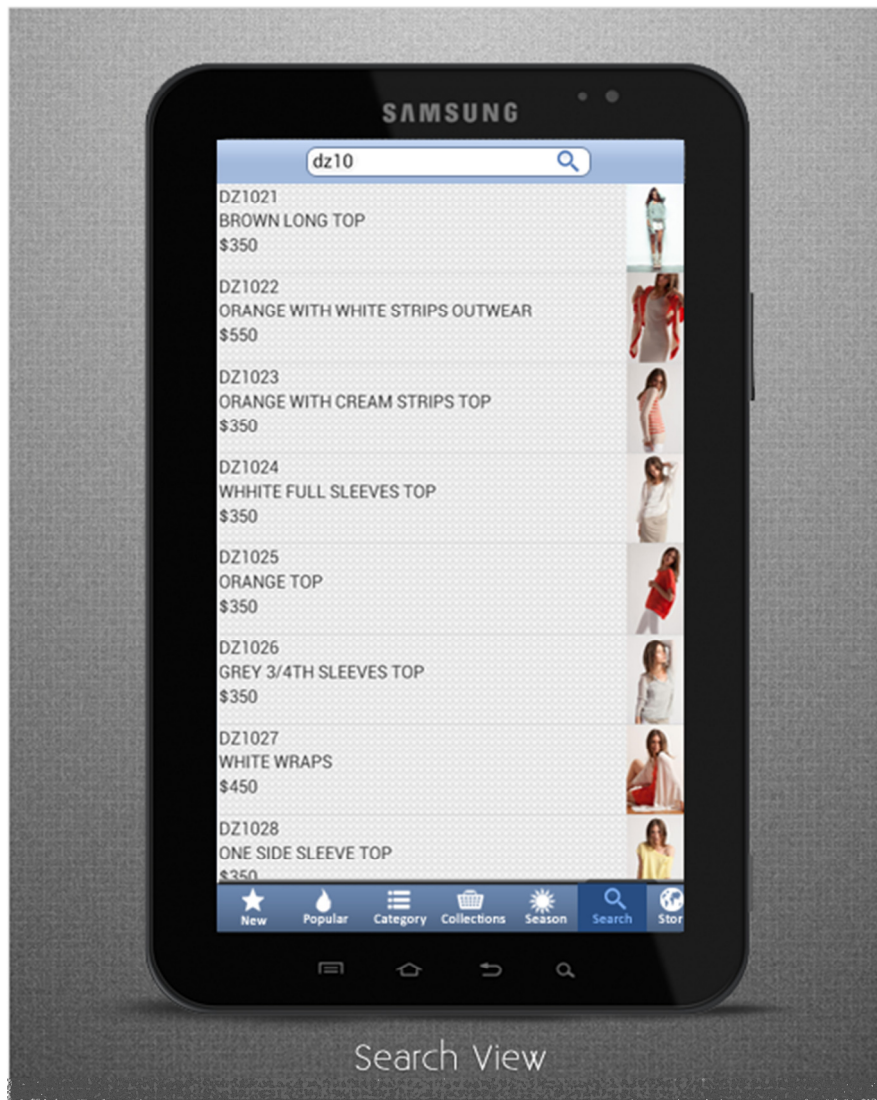

SEARCH VIEW IN MASTER GRID

Search View in Master Grid allows you to search for particular style# from Main Grid View.

Tap on Search icon to search styles.

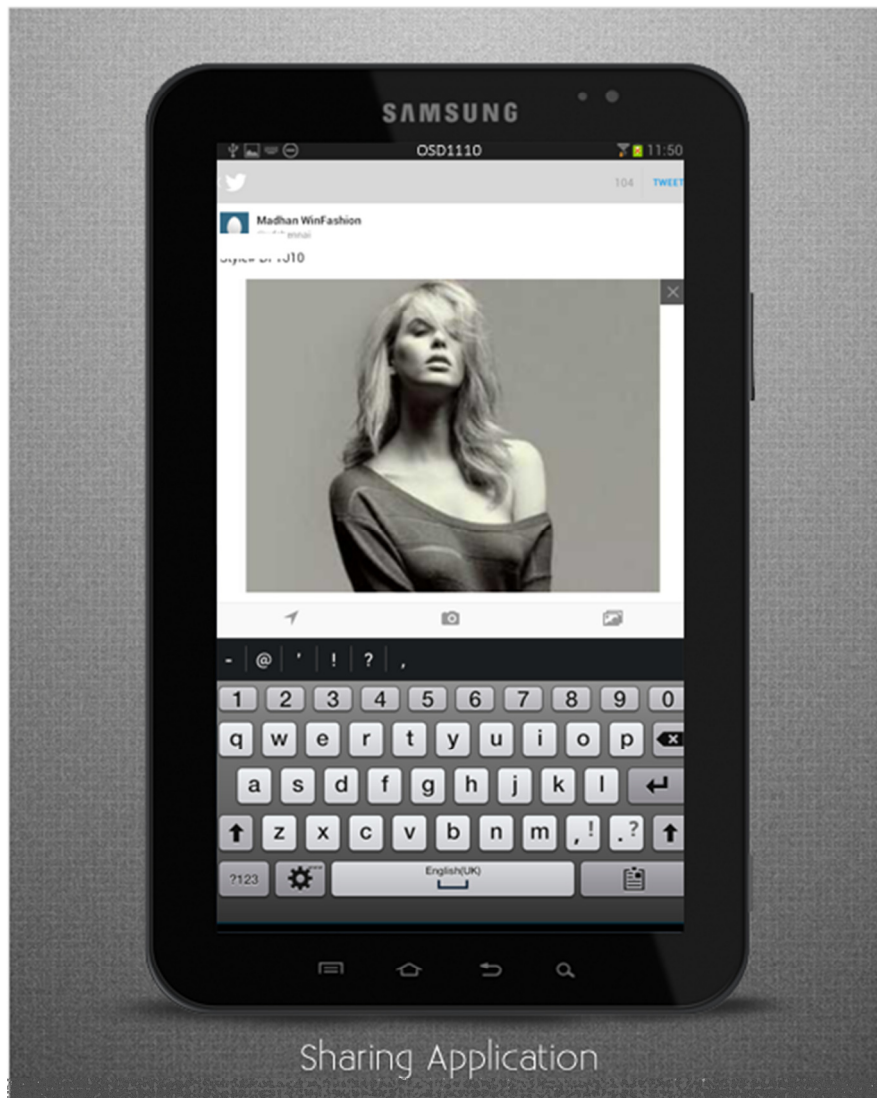

SEARCH VIEW SCREEN

This is '**SMART SEARCH TAB**' where in you can search a particular by entering few characters of Style#.

Once you enter few characters of style#, it will automatically display all styles that has keyword in any part of the style#.

SHARING APPLICATION

This Screen lets you share your favourite styles in Facebook as well as in Twitter.

All you have to do is Select a particular style, tap on Twitter/Facebook icon and post/tweet it.

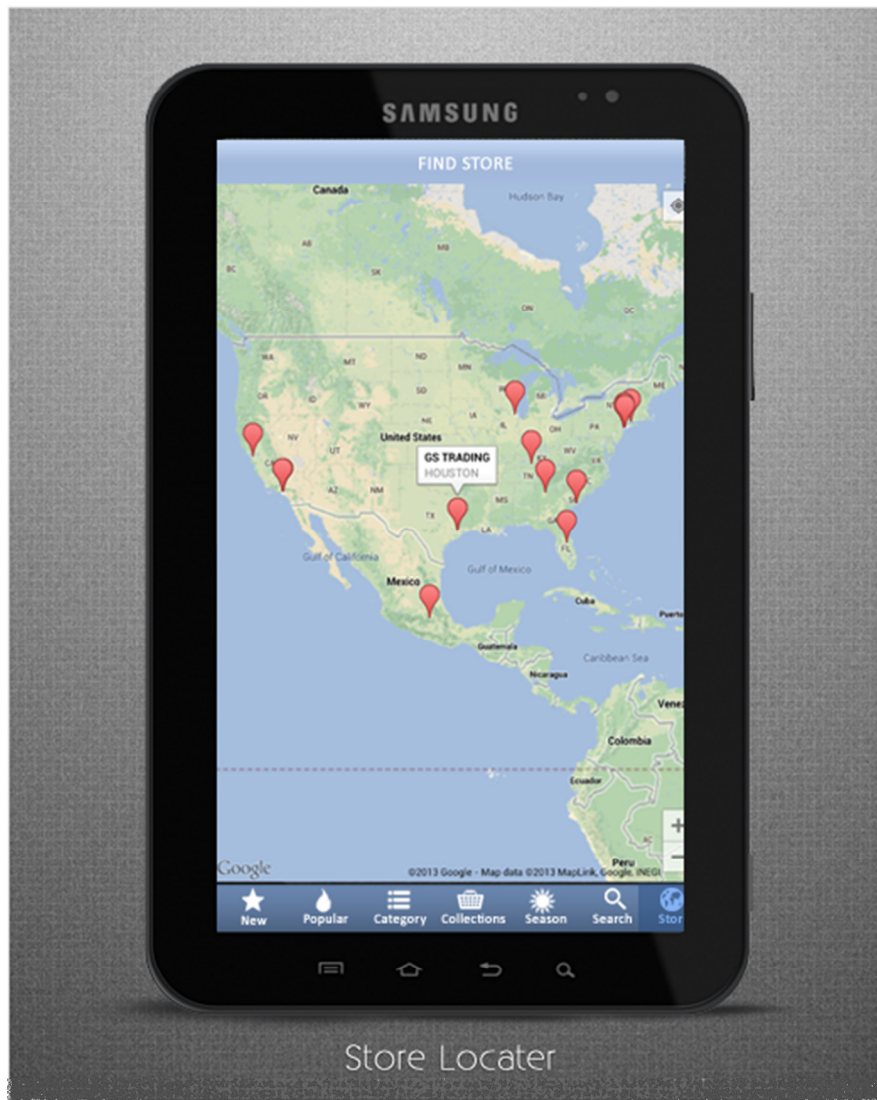

SEASON SCREEN

Just Like category and collections, you can View styles according to Season.

Tap on any season to view respective styles.

STORE LOCATOR

The Store Locator facility in this app is intended to provide consumers looking for their favorite Styles/Products, the convenience of finding a nearby store.
